Yesterday, I watched a performance by the school Cantonese Opera Club. My classmates, 'Lang Sang' and 'Lang Dann', also performed in it. The opera was about a sad-ending story.

When the opera started, 'Lang Dann' went to her house. Suddenly, two killers appeared in front of her because the killers were ordered by the princess to come to kill her. The princess hated that beautiful girl 'Lang Dann'.

Then, 'Land Sang' popped up and fought against the killers. However, 'Lang Sang' could not save 'Lang Dann'.

Finally, 'Lang Sang' died and 'Lang Dann' escaped. I felt the ending was very sad because I have never seen a sad ending in a Cantonese opera performance like this one before. I usually watch opera performances with a happy ending.
